

# Nathan's Cod Fly

Recipe:

Slinky Fibre or equivalent synthetic material

Select marabou plumes Grizzly Hackle (I will supply)

2/0 - 4/0 Hook. Gamakatsu B10S in a 2/0 is what I have been using.

Heavy 3/0 Uni thread or equivalent

The fly a variation of a pike fly I saw on the internet.

Very simple in design but has an incredible action and has already been proven on Cod.
