

Inaugural FFA Grand Masters Fly Fishing Championships

Do you love competitive fly fishing but hate

- Having to get up at 5am & then miss some of the best fishing conditions later in the day
- Find the really big days somewhat tiring & struggle by day 3
- Competing against the young guns and elite anglers with little chance of a top 5 ranking

Would you prefer?

- A more relaxed & physically easier competition but still competitive enough to make it interesting
- A more social competition where you get to interact with other competitors throughout the day
- Competitors more closely ranked together & of a similar age group

Competition details

- For anglers over 65 years of age or turning 65 in the competition year
- Run mid-week over three days
- Fish two river sessions across 2 days (9am - 12pm & 2pm - 5pm)
- Fish two lake sections both on the same day (9am - 12pm & 3pm - 6pm)
- Competitors to control each other
- Limited to 24 anglers
- Will follow all FFA rules but due to being age restricted, ranking points will not be available
- Top 3 competitors awarded medals + a unique individual trophy
- Awards dinner at your own cost
- Entry costs to be more in line with state rather than the national competitions
